Resident Physician in charge U. S. Marine Hospital.

James A. Jackson & Co.—Gentlemen: As you have communicated to the medical profession the recipe of the "Home
Bitters," it cannot, therefore be considered as a patent me'icine, no patent having been taken for it. We have examined
the formula for making the "Home Bitters," and unhestatingly say the combination is one of rare excellence, all the
articles used in its composition are the best of the class to
which they belong, being highly Tonic. Stimulant Stomachic,
Carminitive, and slightly Laxative. The made of preparing
them is strictly in accordance with the rules of pharmacy.
Having used them in our private practice, we take picasure in
recommending them to all persons desirous of taking Bitters,
as being the best Tonic and Stimulant now offered to the public.
